

Edina City Council Petition

Adherence to Comp Plan Height Restrictions and Transition Area re: "Estelle Edina"

We, as property owners and residents of the South Cornelia and surrounding neighborhoods, request that our City Council **adhere** to the **Comp Plan with Transition and Height Restrictions** regarding Estelle Edina.

This project does **not** belong in the 69th & France location. It is **too close** to the adjacent neighborhood – less than 200 feet in some areas. It **violates** the comp plan, which states the property is a **transitional zone** to that neighborhood, and **limits buildings to just four stories and 48 feet**.

It will do irreparable harm to that adjacent neighborhood, lacks respect for the neighborhood and the Edina residents who live there.

The intrusion into the daily lives of residents with the loss of privacy, the shadows created by that massive 360 foot tower, the light, visual and noise pollution, along with the increased traffic, makes that project unsuitable for that location.

It doesn't belong there.

We ask that our elected officials **abide** by the Comp Plan.

Thank you.

Adherence to Comp Plan Height Restrictions and Transition Area re: “Estelle Edina”

We, as property owners and residents of the Southdale First Addition, Lake Cornelia Neighborhood, request that our City Council **adhere** to the **Comp Plan with Transition and Height Restrictions** regarding the “Sketch Plan” of Estelle Edina.

This project does **not** belong in the 69th & France location. It is **too close** to the adjacent neighborhood – less than 200 feet in some areas. It **violates** the comp plan, which states the property is a **transitional zone** to that neighborhood, and **limits buildings to just four stories and 48 feet**.
